

**Satisfactory Progress For Financial Aid Policy
Jones School of Law**

After completion of two semesters, a student must have attained a grade point average of 2.00 and must have successfully completed 80% of the academic hours attempted. If a student is below either the grade point average or completion percentage, then he/she will be placed on financial aid probation. The student will remain on probation until the end of the third semester at which time a review of his/her cumulative GPA and completion rate will take place. If he/she has not attained a grade point average of 2.00 and successfully completed 80% of the academic hours attempted, then he/she will be suspended from receiving any federal financial aid assistance.

- 1. Attempted hours will include all hours appearing on the official academic transcript as attempted, including WP's.**
- 2. Any student placed on Probation will have one term of continued Federal Financial in which to achieve the academic criteria appropriate for the hours attempted at the end of the term of probation. Failure to do so subjects such a student to Financial Aid Suspension.**
- 3. Any extension of Financial Aid Probation beyond one term must be requested by the Financial Aid Director, in consultation with Jones School of Law.**
