If you are using a tablet, swipe left from the *right* side of the screen and select Settings.

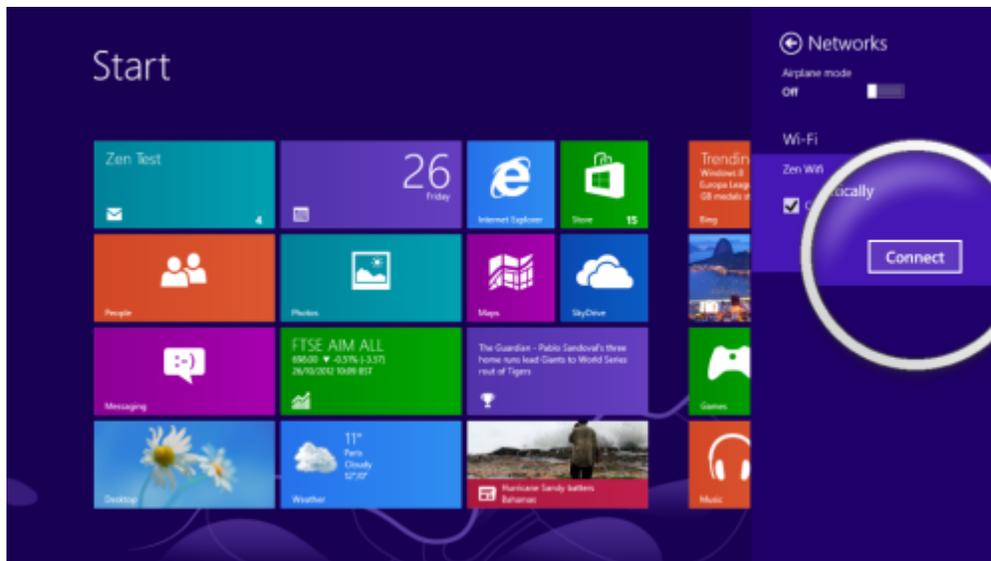

2. Select the wireless icon.

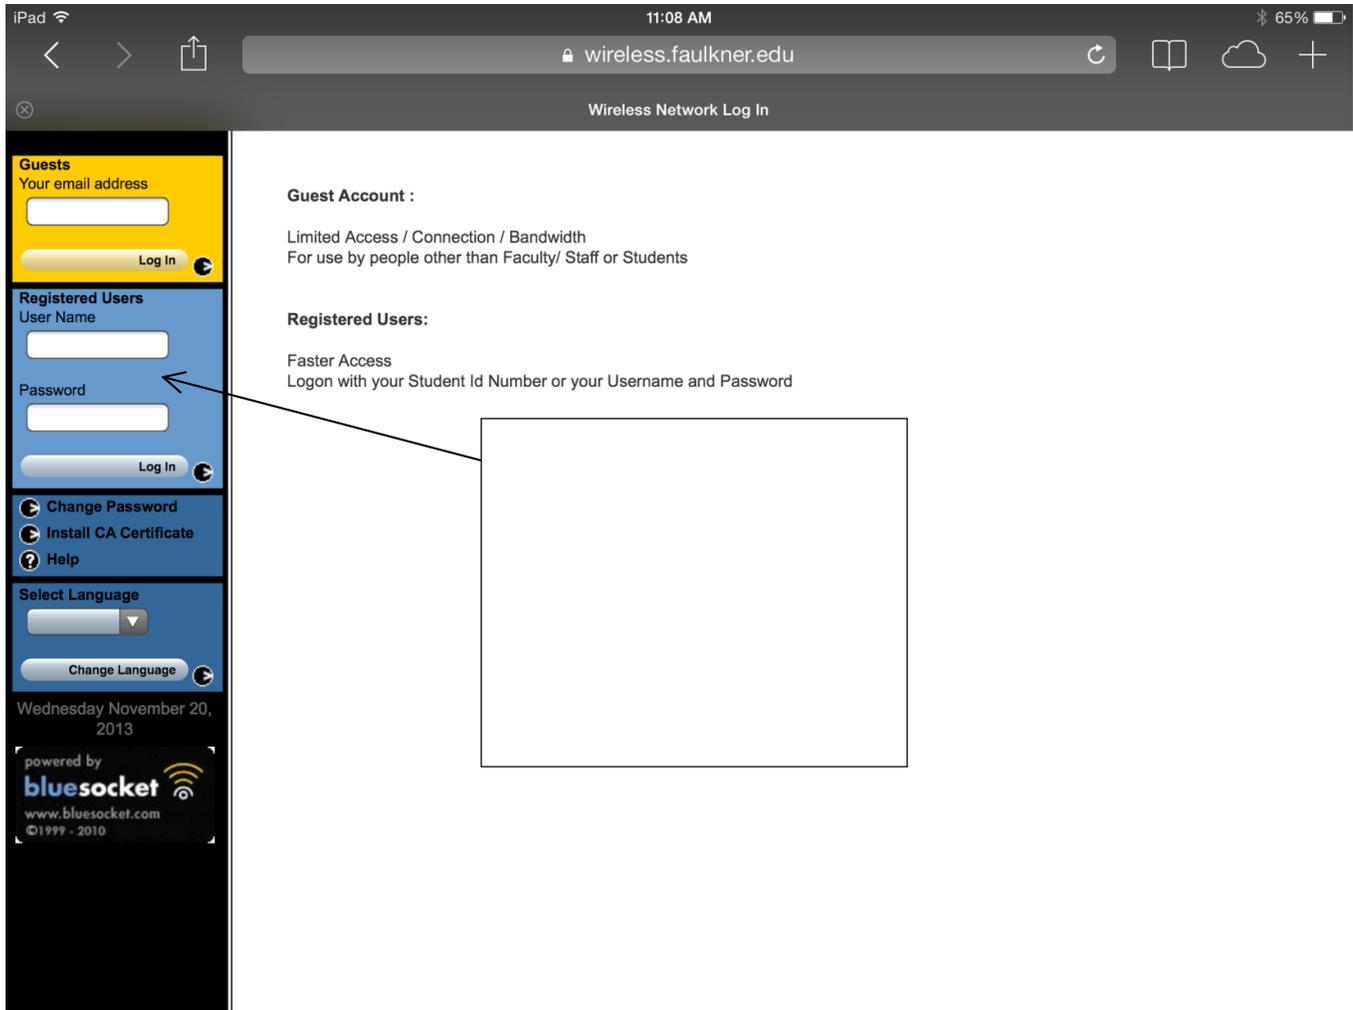

3. Select your wireless network from the list - in this example we've called the network Faulkner.

4. Select Connect.

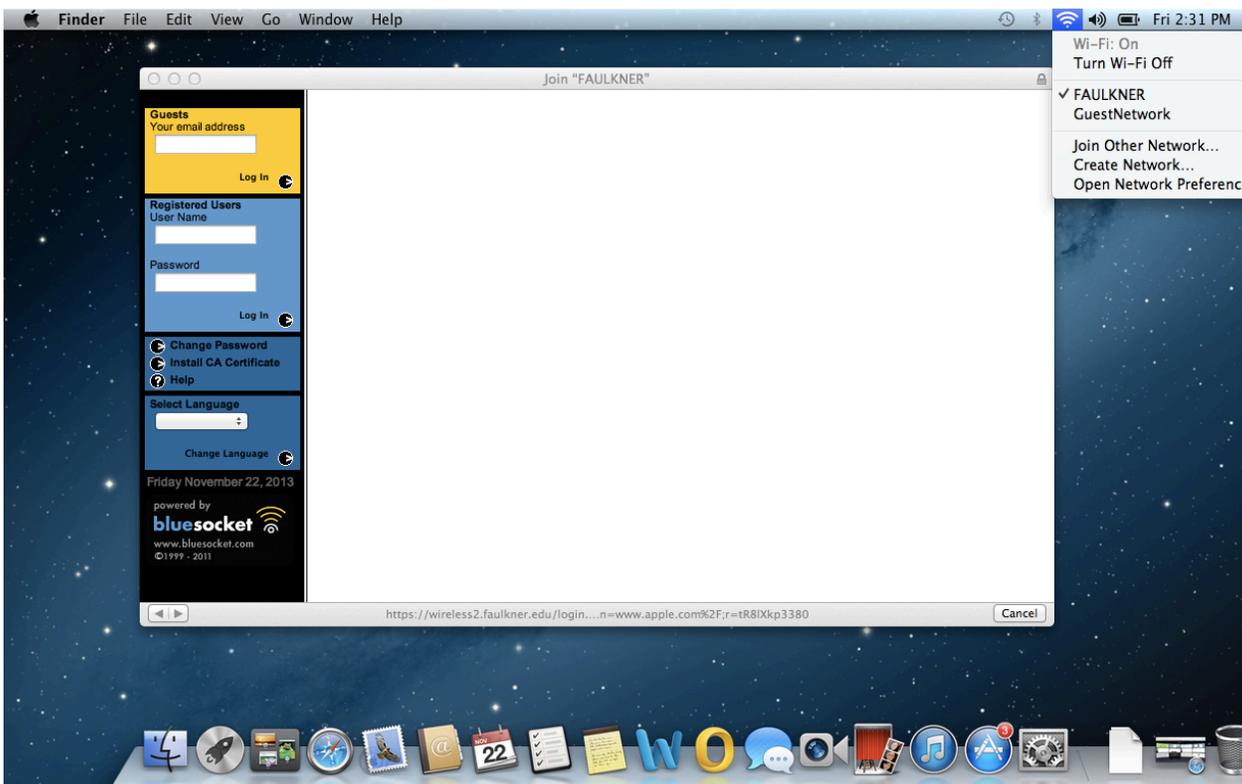

5. Once it says connected open your Web browser (Internet Explorer, Chrome, Firefox)

6. You should be able to surf the Internet after it authenticates your device.

Instructions for connecting to our network using Apple's OSX 10.6.8 or higher:

1. Click on the Wi-Fi icon in the upper right-hand corner of the screen.
2. Make sure that Wi-Fi is set to on.
3. Select FAULKNER or FAULKNER-RES (if in the dorms or apartments).
4. A box should pop up where you can enter your user name and password.
Note: if the box does not appear, please go to Safari or another browser and try to reach a website like Google or Yahoo. You should be redirected to where you can enter your user name and password.
5. For user name, you will need to use your six-digit student ID number. For password, please use the same password you use for email, logging onto on-campus computers, etc.
6. Press Enter or click Log In.
