Youth and Family Minister Position Opening
Fishinger Road Church of Christ – Columbus, Ohio

The Fishinger Road Church of Christ in Columbus is seeking a Youth and Family Minister to begin in 2026. This role is open in our congregation due to our current Youth and Family Minister moving into our preaching role. This role is fully integrated into the life and work of the congregation, serving as an extension of the church's ministry by helping middle school and high school students develop a strong, lasting faith while equipping parents in the spiritual development of their families.

Fishinger Road is a conservative congregation of approximately 400 members with an active and growing youth program. The Youth and Family Minister will work closely with elders, deacons, parents, and other members to provide biblical teaching, coordinate youth activities, develop outreach opportunities, and integrate young people into the life of the congregation. Responsibilities include coordinating Bible class curriculum, teaching regularly, organizing retreats, mission trips, youth devotionals, Vacation Bible School activities, and serving alongside the congregation's evangelists in the overall ministry of the church. The minister will also utilize social media and digital platforms to communicate with families and promote youth activities.

Qualifications:

Bachelor's degree from a Church of Christ–affiliated university or a certificate from a school of preaching. A master's degree (completed or in progress) is a plus. Ministry experience is preferred; experience working with youth, families, or outreach ministries is also a plus. The successful candidate will demonstrate a love for teenagers and their families, possess strong biblical teaching and interpersonal skills, and have experience using social media and digital platforms to communicate and grow a youth ministry.

To Apply:
