DETERMINATION:

Does the Faulkner University MEd in School Counseling program, meet the educational requirements for initial licensure as a school counselor in Iowa?

Yes

ADDITIONAL REQUIREMENTS FOR LICENSURE:

Verified - Iowa has reciprocity with all States. An individual who completes any accredited program in any state and either applies and holds an educator license in that state, or the Institution of Higher Education verifies all requirements for licensure have been completed through their institution and would be eligible for licensure should they apply, will be granted an Iowa Educator license, with as similar of endorsements as Iowa has. Iowa does not require any assessments for Iowa Licensure. Verified - Iowa has reciprocity with all States. An individual who completes any accredited program in any state and either applies and holds an educator license in that state, or the Institution of Higher Education verifies all requirements for licensure have been completed through their institution and would be eligible for licensure should they apply, will be granted an Iowa Educator license, with as similar of endorsements as Iowa has. STATE VERIFICATION:

Has Iowa verified the above determination made by Faulkner University?

Yes, in June 2024

DISCLAIMER:

The institution has used its best judgment to make the determination whether or not this program meets the requirements for obtainment of licensure. Furthermore, this determination is made annually and this page was most recently updated June 1, 2024. It is recommended the student check with the contact information provided above to ensure obtainment of licensure can be achieved.
