

**Evidence**  
**A.1.2 Content Knowledge**  
**One Cycle: Spring 2021**

**Administration and Purpose**

What is it?	<p>The evidence for this is the average grades for Master's elementary education candidates' content knowledge courses:  EED 6326 Reading Skills and Comprehension  EED 6322 Teaching Elementary Language Arts  EED 6336 Teaching Elementary Social Studies  EED 6341 Teaching Elementary Mathematics  EED 6368 Teaching Elementary Science</p> <p>Letter Grades represent:  A= 90-100  B = 80-89  C = 70-79  D = 60-69  F = Below 60</p>
At what point or points is the assessment administered during the preparation program?	Data for this assessment will be gathered each semester and disaggregated by race and ethnicity.
What is its purpose?	To demonstrate competency of candidates and their abilities to learn and apply content knowledge.
<b>Scoring</b>	
How are data collected, analyzed, and reported?	The assessment director pulls candidate's final grades from the institution's data program.
Is the basis for judging candidate performance well defined?	Candidates must have an overall GPA of 3.25 at TEP entrance and at Internship.
How is the information used?	This data is used to project candidates' GPAs for Internship.
